### PLAYOFFS

The four (4) teams earning the most points during the Battle Court season will meet in the playoffs. The team earning the most points during the regular season will compete against the team earning the fourth (4th) most points during the regular season. The teams finishing with the 2nd and 3rd most points during the regular season will compete against each other in the 1st round of the playoffs. The playoff game will consist of six (6) doubles matches. The first team to win four (4) matches will be declared the winner and move on to the championship finals. If after six (6) matches the teams are tied three to three, then the higher seeded team will have pre-selected one doubles team to play a one set sudden death tiebreaker to six (6) points to determine the match winner. The championship final will follow the same format as the playoff round. The higher seeded team will always be designated as the "home" team.

In the event of a tie for positioning place during the regular season, the Team versus Team match record will determine the higher ranking of the two. If that results in a tie, then the team with the most points in head-to-head matchups will receive the higher ranking.

Players will earn prize money for each match won. Teams will earn gameday prize money based on winning or losing a gameday. There will be additional prize money based on the outcome of the playoff and championship round for all teams competing.

### CHAMPIONSHIP

The Championship will consist of six (6) Doubles matches. The championship format is described above.

The team that wins the Battle Court Championship will split **\$30,000** and the second (2nd) place team will split **\$15,000**.
